

## Sign up

**Name:** Manish Meshram

**Email:** [manishmeshram51@gmail.com](mailto:manishmeshram51@gmail.com)

**Topic:**

You need to create a sign up form where the user will enter

Full name

E-mail

Password

DOB

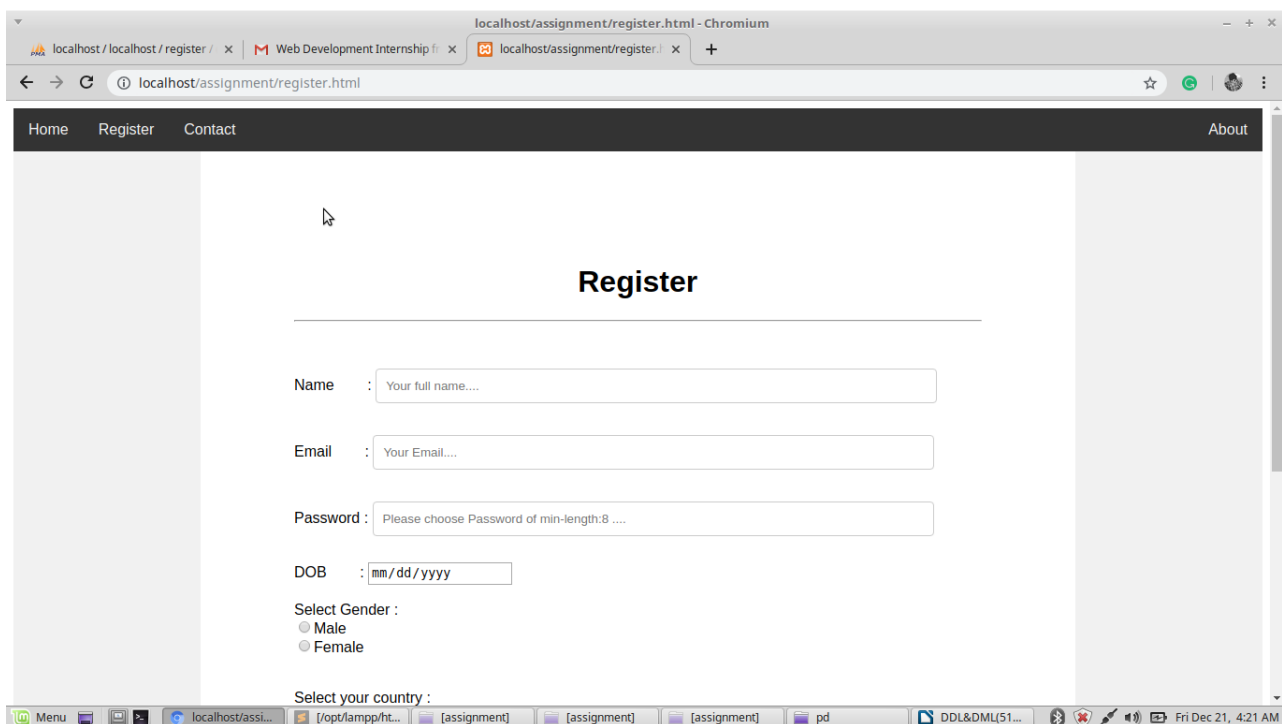

Gender

When the user submits the form, all the entries should be validated and the data should be stored into the database with the timestamp, at which the user registered.

Once the user has registered they should be redirect to the Welcome Page.

**Fuctioning of the code:**

### 1: Basic overview

The screenshot shows a web browser window with the address bar displaying 'localhost/assignment/register.html'. The page has a dark navigation bar with links for 'Home', 'Register', 'Contact', and 'About'. The main content area is titled 'Register' and contains a form with the following fields:

- Name**: A text input field with placeholder text 'Your full name....'
- Email**: A text input field with placeholder text 'Your Email....'
- Password**: A text input field with placeholder text 'Please choose Password of min-length:8 ....'
- DOB**: A text input field with placeholder text 'mm/dd/yyyy'
- Select Gender**: Two radio button options, 'Male' and 'Female'.
- Select your country**: A label with a dropdown arrow, but no visible options.

The browser's taskbar at the bottom shows several open windows, including 'localhost/assi...', '/opt/lampp/ht...', '[assignment]', 'pd', and 'DDL&DML(51...)', along with system icons and the date 'Fri Dec 21, 4:21 AM'.

localhost/assignment/register.html - Chromium

localhost / localhost / register / x Web Development Internship f... localhost/assignment/register: localhost/assignment/register.html

Email : manishmeshram51

Password : .....

DOB : 12/18/2018

Select Gender :  
☒ Male  
☐ Female

Select your country :  
INDIA

More Detail :  
hi iam manish

Submit Reset

Menu localhost/assignm... [/opt/lampp/htdocs... [assignment] [assignment] [assignment] assignment Fri Dec 21, 4:03 AM

This html page is the registration form .  
Here I used basic HTML tags ,form and CSS along with JAVASCRIPT .  
XAMPP is used for php and mysql usage .

## 2: Name is missing :

localhost/assignment/register.html - Chromium

localhost / localhost / register / x Web Development Internship f... localhost/assignment/register: localhost/assignment/register.html

Email : manishmeshram51

Submit Reset

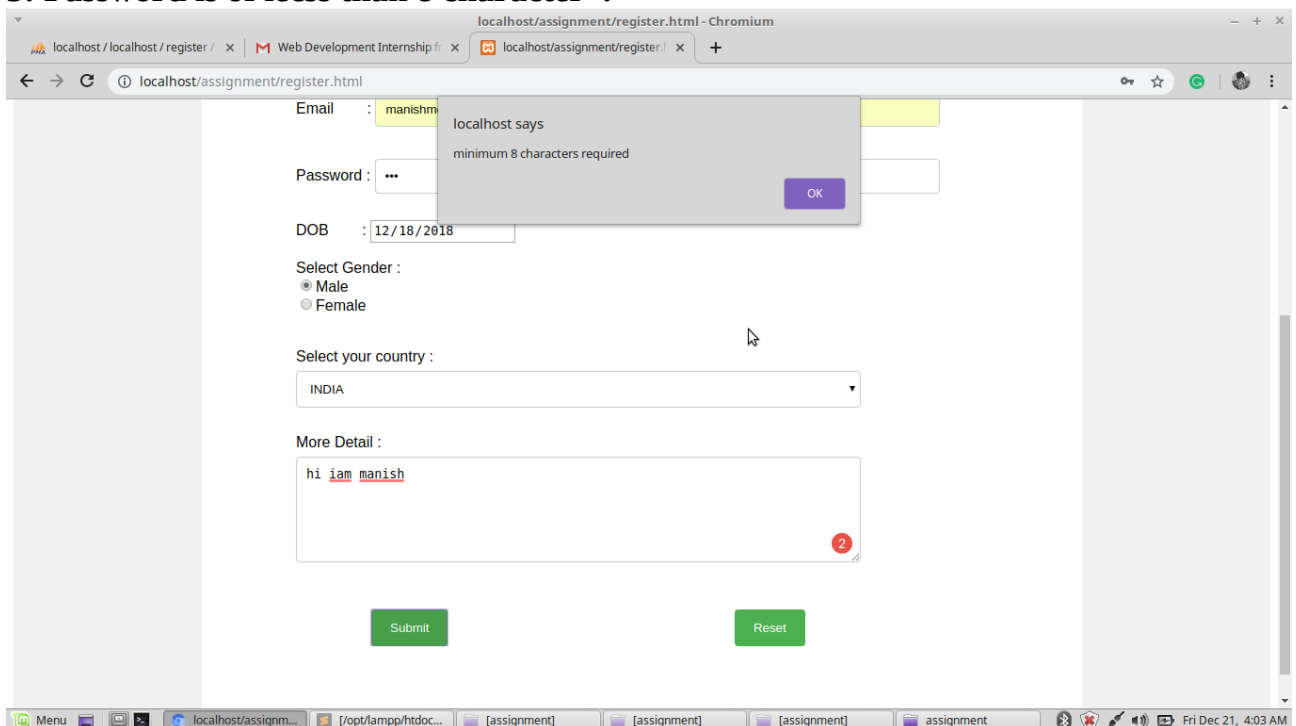

localhost says  
Name must be filled out  
OK

Menu localhost/assignm... [/opt/lampp/htdocs... [assignment] [assignment] [assignment] assignment Fri Dec 21, 4:04 AM

### 3: Email is missing :

### 3: Password is of less than 8 character :

#### 4: Before insirting to mysql (table name =details)

The screenshot shows the phpMyAdmin interface for a database named 'register' and a table named 'details'. The table is empty, and the query results show 'MySQL returned an empty result set (i.e. zero rows)'. The table structure is defined as follows:

name	email	password	dob	gender	country	detail	timestamp
------	-------	----------	-----	--------	---------	--------	-----------

The interface includes a sidebar with a tree view of databases and tables, and a top navigation bar with various tools like Browse, Structure, SQL, Search, Insert, Export, Import, Privileges, Operations, Tracking, and Triggers.

#### 5: After update in database mysql:

The screenshot shows the phpMyAdmin interface for the 'details' table after an update. The table now contains one row of data. The query results show 'Showing rows 0 - 0 (1 total, Query took 0.0008 seconds)'. The table structure is defined as follows:

name	email	password	dob	gender	country	detail	timestamp
Manish Meshram	manishmeshram51@gmail.com	123456789	2018-12-18	male	INDIA	hi iam manish	2018-12-21 04:04:37

The interface includes a sidebar with a tree view of databases and tables, and a top navigation bar with various tools like Browse, Structure, SQL, Search, Insert, Export, Import, Privileges, Operations, Tracking, and Triggers.

## 6: Login page for login using the registered data :

The screenshot shows a web browser window with the address bar displaying `localhost/assignment/login.html`. The page has a dark navigation bar with links for [Home](#), [Register](#), [Contact](#), and [About](#). The main content area is titled "Login" and features a form with two input fields: "Email" (containing `manishmeshram51@gmail.com`) and "Password" (masked with dots). Below the fields are two green buttons: "Submit" and "Reset". The browser's taskbar at the bottom shows several open windows, including `localhost/assignment/...`, `/opt/lampp/htdocs/...`, and `[assignment]`, along with system icons and the date/time `Fri Dec 21, 4:05 AM`.

## 7: After logic welcome page :
